

Time Value of Money- Student Driven Activity

Student Driven Learning Activity: Have students complete the in class exercises together as a group with the teacher as the facilitator. Then have the students break into groups and complete the homework exercises together. After completing the exercises have each group come up and solve the exercise for the rest of the class. After completing that have each group come up with 3 scenarios/exercises on their own, make copies and hand out to the remainder of the class to solve. After completing all the exercises the original group will lead the rest of the class through how to come up with the answer to their scenario/exercise.
