

GREATLY IMPROVE THEIR ODDS OF FINANCIAL SUCCESS IN LIFE

Planning to Succeed Topics Include:

The Language of Business

Forms of Business Ownership

Balance Sheets

Income Statements

Enterprise Budgets

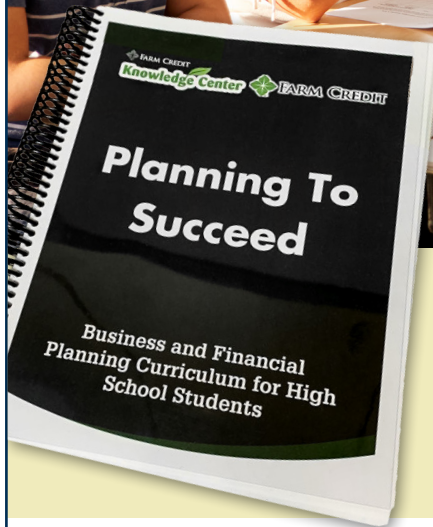

Breakeven and Sensitivity Analysis

Introduction to Loans

Time Value Money

Financial Analysis

Introduction to Personal Banking

No matter what path your students plan to take in life, they will have to know how to navigate their business and personal finances. Yet, teaching the practical application of this information is often overlooked. With the ***Planning to Succeed*** curriculum from the Farm Credit Knowledge Center, you can teach them the real-world financial concepts that will help them succeed in life.

PLANNING TO SUCCEED IS A TURNKEY CURRICULUM THAT INCLUDES:

- **Access to 10 modules** with these materials:
 - Bell Ringers/Class Starters
 - PowerPoint Presentations
 - Note Organizers
 - In-Class Exercises
 - Homework Exercises
 - Student driven activities and lessons
- **Advanced tracks** for DE or AP students
- **Support from the Knowledge Center team** to help with understanding the curriculum and accessing additional available resources.
- **The opportunity to invite Farm Credit Loan Officers** to the classroom to speak on the topics.
- **Additional reading** to help better understand the lesson if needed.
- **Populated Excel sheets** to help with formulas and the provided problem sets.
- **Certificates** of completion provided.
- **Delivery of a short presentation** upon completion of the course if desired.
