

PRIMAL CUTS OF BEEF

Activity:

After studying, fill in the names of each primal cut of beef.

See how many you can get right!

True or False:

- True or False: Chuck is considered one of the most flavorful cuts because of its extensive marbling.
- True or False: The 7-bone roast is named after the number of bones it contains.
- True or False: The round is lean and tough because it gets a lot of movement.
- True or False: The rib primal cut contains ribs 6-12.
- True or False: Skirt steak, a cut from the plate, is a traditional cut used for fajitas.
